

Update from DCC 4/6/25

I wanted to provide an update on the Leashaw Landslip scheme. We are still working hard on the scheme, and I am pleased to inform you that it is moving forward smoothly. The land access arrangements have commenced, and so far, we have not encountered any issues that might interrupt the progression of the scheme.

I have also briefed your new local member and Councillor Hill about the scheme. They are getting up to speed with the details and will no doubt communicate with you directly in the near future.

Thank you for your continued patience and understanding. Please rest assured that we are doing everything we can to ensure the successful delivery of the scheme.

Further note received later following query:-

it is my understanding that the access arrangements have started and no issues identified to date. The design isn't finalised but has progressed and we are moving towards procurement options.
